Apps for BYOD

Dear Parents/Guardians,

Thank you for your support of BYOD this year. As we begin using our devices in the classroom there are some Apps that would be beneficial for students to have downloaded onto their devices for use during the year. It would be greatly appreciated if the following Apps were able to be downloaded onto your child’s device at your earliest convenience.

Attached is a list of the selected App’s. We have provided a short description of what each one is for the ease of finding Android/Windows equivalents. At this stage all of the Apps listed are free and there should be no paid ones.

The Microsoft Word, Powerpoint & OneNote Apps do not require students to register for an ID as their DET Portal email is now compatible with Microsoft Office 365.

We look forward to another exciting year using devices in the classroom.

Thank you

Mrs Shipley, Ms Rylewski, Stage 3 and Year 4 Teachers 😊
Apps for BYOD

**Popplet Lite**
